

Dear business friend,

We want to thank all the visitors for coming to our booth and the interest, they showed for our

NEW FINLENS® Flyeye range of 3D medias and software and for FINLENS® lenticular sheets and boards.

We never expected such a run on our new products.

Therefore, we are pleased to remind the main topics and the FAQ from Fespa 2015:

1. 3D FLY-EYE SHEETS / BOARDS 360°

People were delighted from the effects, what can be created on our new 3D FLY-EYE SHEETS / BOARDS with a viewing angle of 360°. It allows to create huge depth effects with simple patterns and to place in any of our 14(!) levels a 2D picture. **It's new, fresh, modern and fascinating.**

- Rotating Display

3. LAMINATION FILMS

Visitors, who are laminating the lenticular pictures on a board or sheet, were attracted by our new:

- Double sided gumming tape
- Paper for Photo
- Paper for Light Box

4. SOFTWARE

The question of software is still very important for most of the 3D-artists in order to create fine flyeye and lenticular artwork. It was very important to show the visitors our large range of software products:

for LENTICULAR:

- Flip Classic [LENTIKULAR SOFTWARE](#) (- the program described above – created 2-phase flip Interlacings)
- Animator Pro (Interlacings created for animation, morph, zoom and multiple flips)
- 3D Interlacer (created Interlacings for 3D Lenticularbilder from existing 3D image sequences)

for FLYEYE:

- **FinLens OS (created designs and interlacing for FlyEye lenses)** - [DOWNLOAD FOR FREE!](#) **FAQ:** free of charge with any purchase of sheets!
- FlyEye Software [QUANTUM](#)

Please notice, that many visitors were interested in our special [WORKSHOP FOR 3D-PRINTING SOFTWARE](#).

5. SPECIAL SERVICES

We proposed to all visitors interested in outsourcing their 3D artwork, the service of a PROFESSIONAL 3D PREPRESS.

- [Professional 3D PrePress](#)

6. FINISHED PRODUCTS

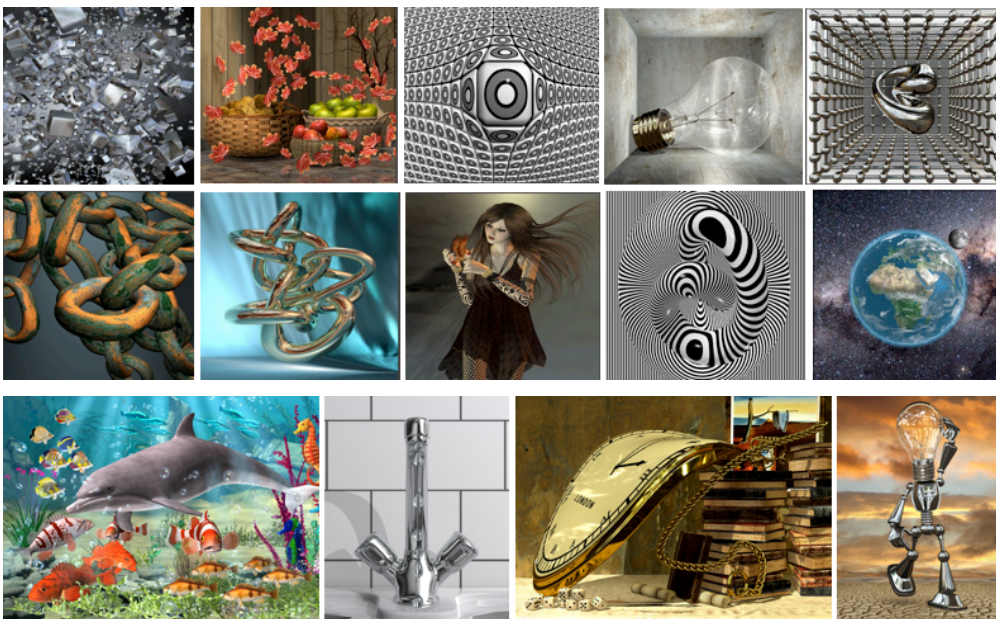

Many people came and wanted to buy our ready made articles like notebooks, cases and 3D GRAPHIC ARTS FOR FURNISHING & DECORATION.

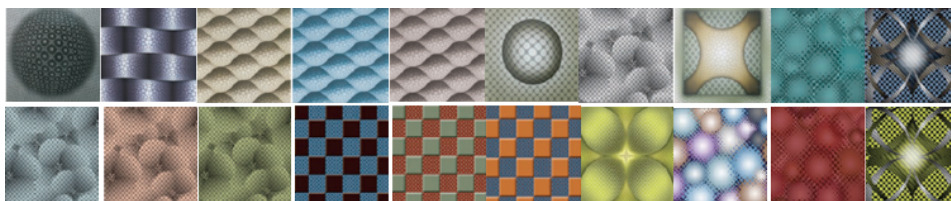

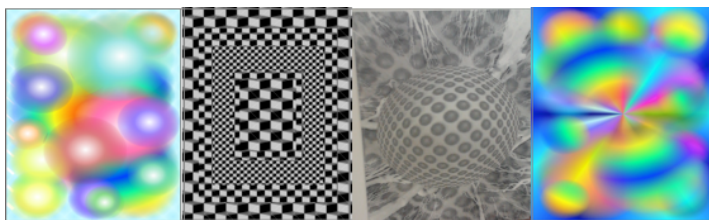

Please find hereafter our pictures from the exhibition in Köln:

For a more enjoyable experience when viewing our exhibits [3D-Graphics for Furnishing & Decoration](#), we recommend the background music from Mussorgsky - Pictures at an Exhibition <https://www.youtube.com/watch?v=DXy50exHies>

Readymade Lenticular Artwork for sell with or with our frame:

Readymade FlyEye for sell with or with our frame:

We can propose to produce special designed stationaries, pictures and other items for specialized distributors in this field. Please notice, that we are still [seeking for agents in countries of Europe, US, Asia, Australia.](#)

If you need further information, please do not hesitate to contact us.

Mit freundlichen Grüßen / Best regards / 此致敬意 / Cordiali Saluti / Meilleures salutations
